## EYES WIDE SHUT: Suspected Pedophile Ring Exposed

11Nov - by The AntiGlobalist - 4 - In [News](#)

This research has been done by the hard work of countless anonymous people and pulled from [dcpizzagate.wordpress.com](http://dcpizzagate.wordpress.com). All credit goes to them.

I've created this blog to share the information 4chan has collectively gathered and researched about a suspected pedophilia and human trafficking ring that we seem to have uncovered existing within our DC politicians and the elite class.

It all started with one incredibly suspicious email that had skeptics suggesting they weren't actually talking about pizza, but rather in code. Here it is;

Hi John,

The realtor found a **handkerchief** (I think it has a **map** that seems **pizza-related**. Is it yours? They can send it if you want. I know you're busy, so feel free not to respond if it's not yours or you don't want it.

I just came from checking the Field house and I have a square cloth handkerchief (**white w/ black**) that was left on the kitchen island.  
Happy to send it via the mail if you let us know where I should send it.

If this is not speaking in code, then it makes absolutely NO SENSE. Not a single person has been able to offer a coherent explanation on what this could mean if ACTUALLY pizza and map related...

Not to mention this disturbing "coincidence".

With enormous gratitude to Advance Man Extraordinaire Haber, I am popping up again to share our excitement about the Reprise of Our Gang's visit to the farm in Lovettsville. And I thought I'd share a couple more notes: We plan to heat the pool, so a swim is a possibility. Bonnie will be Uber Service to transport Ruby, Emerson, and Maeve Luzzatto (11, 9, and almost 7) so you'll have some further entertainment, and they will be in that pool for sure. And with the forecast showing prospects of some sun, and a cooler temp of lower 60s, I suggest you bring sweaters of whatever attire will enable us to use our outdoor table with a pergola overhead so we dine al fresco (and ideally not al-CHILLo).

I am ccing Trudy to repeat the invite, and sending pining wishes-you-could-come to Rima, John P, and Laurie & Chris.

Read the headliner above on the website. "Evelyn is growing up. Soon she will be the queen of the entire US of A. right now, for a limited time only, **you can spend some time with her online, raw and**

**uncut.** Take advantage of this now, as in the future she will have the power of life and death over you.” FUCKING BAREF. The bottom email is from JOHN PODESTA’S email dump by Wikileaks.

In other Podesta emails, a pizza joint called “Comet Ping Pong Pizza” is referenced multiple times. You can find this at [Wikileaks Podesta search = Comet](#)

This is where it starts to get weird, and I will try to bring in only the most relevant evidence. John Podesta is Hillary Clinton’s campaign chairman, and he also served this position for Obama. He acted as a chief of staff to Bill Clinton. He is not an elected official, but it is clear he has real influence in American politics. In the emails, you will read that this Comet location seems to be a hot spot, serving as a fundraiser location for both Obama and Hillary Clinton. Why would they choose a pizza joint supposedly kid-friendly with the main attraction being PING PONG TABLES IN THE BASEMENT??

First suspicious activity is merely its location. Check out these FBI issued known pedophilia symbology:

Comet Pizza is located right across the street from “Beyond Borders”, which says on its website it works to “end child slavery and violence against girls” in Haiti and it is a subsidiary of the Clinton Foundation Charity. Confirmation of these facts can be found by visiting this website: [Beyond Borders](#)

Okay, so all coincidence so far. Let's take a look at the symbology seen in this area. First Comet Ping

Pong's storefront:

Weird, but proves nothing. But wait, let's look at the Besta Pizza symbol (two stores down from Comet and owned by DOJ employee Andrew Kline).

Please refer back up to known pedophile symbology. This one is so blatantly obvious, it's disgusting. But anyone could say this is all just speculation. Let's look across the street, at the Terasol Bistro and Artisan Gallery that is two stores away from Clinton's Beyond Borders. This was found on their

website. Please look toward the bottom.

The owner of Comet Ping Pong is James Alefantis. James also owns the “Bucks Fishing and Camping” store that advertises cutting meat with a machete...

James “jimmycomet” is the ex-lover of Correct the Record’s David Brock (a pro-Hillary super PAC which has gone on record stating it funds millions of dollars for online trolls to confront anyone talking negatively about Hillary Clinton on social media such as Facebook, Reddit, Twitter and yes, even 4chan). Here we see a unique Jeffrey Dahmer sculpture posted on James' Instagram. This is important because the owner of this one-of-a-kind art piece is none other than Tony Podesta (John Podesta's brother). In

the comments, he even admits this is indeed at Tony's house. Check out the Washington Post article

## Married, With Art

"You've got to be pretty secure to have an eight-foot-tall naked man in your living room in Washington, D.C.," Heather says of her husband's choice.

What Heather suggests as a badge of her mate's confidence is a highly intentional statement. After all, Tony's job is to make an impression. Besides, when the piece isn't generating blushes, it's generating conversation.

"At political events, there's an inevitable awkwardness," former Clinton administration official Sally Katzen said at a Women's Campaign Fund dinner at the Podestas' home this summer. "The art is an ice-breaker. It puts people at ease."

Not always. Folks attending a house tour in the Lake Barcroft neighborhood in Falls Church earlier this year got an eyeful when they walked into a bedroom at the Podesta residence hung with multiple color pictures by Katy Grannan, a photographer known for documentary-style pictures of naked teenagers in their parents' suburban homes.

"They were horrified," Heather recalls, a grin spreading across her face.

Jeffrey Dahmer loved to take Polaroids of his victims in strange poses after he had killed them. I suspect these were his trophies...in addition to the body parts he kept in the fridge. This person found himself to be quite the counterpoint in death. "Vertical Homicide Investigation by Vernon J. Geberth, CRC Press, 1996"

talking about Tony's "art".

Tony also mentions in a different article one of his favorite artists is Biljana Djurdjevic. Link: [Tony Podesta Article](#)

Here's a quick look at her art. If this woman isn't/wasn't a victim, I will eat my own shoe. (Material copyright of Biljana Djurdjevic)

It is interesting to look at Kim Noble's art, who is known for suffering Satanic Ritual Abuse and her personality has permanently splintered into different entities. In this painting, you can see five adults standing in what looks to be a pentagram. Below the child being raped, there is a handkerchief and this appears in multiple of Kim's paintings. Apparently the handkerchiefs are put under the child to collect blood/semen as a token or "map". Hmm, where else have we heard about a handkerchief recently?

Okay, so back to the owner of Comet Ping Pong Pizza. Let's take a look at some of his Instagram postings, and please tell me it does not make your skin crawl. Oh and is anybody surprised he's a fan/friend of Marina Abramovic, Ms. Satanic Spirit Cooker herself? [Marina Spirit Cooking](#) You know, the woman who we recently learned through Podesta leaks likes to hold private Spirit Cooking nights at her house and invites the Podestas? On a reddit AMA, she even admitted herself, if these rituals are performed in a gallery, it is art, but if in private or even on TV or film, it is NOT art. Then what is it

Marina? C'mon people, don't be blind.

Not too disturbing? THEN WHAT THE FUCK IS THIS.

Notice someone even says “this is pretty creepy bro” in the comments. Ping pong table in the background...

Here’s a compilation from 4chan.

Notice in the lower left corner, there is a picture of a freezer room. James captions it “ohh looks like fun”, a friend comments #killroom and #murder. Going to the friend’s Instagram, you will find pictures

of baby coffins. Can't make this shit up, people. I'll search for a pic for proof on 4chan, I didn't screenshot earlier because I thought people were just posting joke pics at first.

It gets weirder. Anon found the Instagram of a person named Josh who works at Comet Ping Pong.

Check this out:

Notice he even tags Comet Ping Pong as the location? "CUM VISIT". And I'm not sure how accurate because I didn't want to Google it, but someone on 4chan said honey has a specific connotation in the pedo world.

Here's the owner again wearing "little boy lover" glasses.

I am going to move away from the owner of Comet Pizza now, although there is other very weird things going on there but I can't cover it all.

Comet pretends to be kid friendly, yet a woman named Sasha Lord designs these really messed up posters to promote upcoming bands playing.

Notice how the poster looks a lot like the Jeffrey Dahmer art. Also, on the pizza poster, WHAT THE FUCK IS PIZZA EXORCISM? And why is it all ages? Internet searching the band Heavy Breathing

returns interesting results. A member of the band is named Amanda Kleinman. Check out one of her many creepy Youtube videos where she refers to herself as “puppet” and literally talks like a baby (using w’s instead of l’s, etc.). I chose this video because she has drawn what is known as a “Changeling” – a spirit that steals a human child and replaces it. Google it. Fucking creepy. [Creepy Klein Video](#)

Okay so at very best, these are very odd, Satanic type people. At worst, they are part of a massive pedophile and human trafficking ring that involves some of the world’s most powerful people. Is it a coincidence Clinton Foundation only works in countries that do not issue birth certificates? Or that Bill Clinton rode on Epstein’s ‘Lolita Express’ 26 times (that we know of)?

Even creepier is that we KNOW there are underground tunnels in DC, and there are some very close to Connecticut Ave. Look at what the owner posted:

What are they doing? Notice the ping pong table against the wall?

Another name of interest is Rachel Chandler. She is pictured here with Bill Clinton at what most expect is age 15. She even writes on her Instagram (before it went private) that she was only 15 when she was pictured with P. Diddy, Eminem. Now on her tumblr and Instagram, there are photos of random naked children. [Rachel “Child Handler” Tumblr](#) We believe she is now involved in recruiting. The evidence

on Instagram was more damning, but we can no longer access her posts.

It doesn't stop there. Look close enough and you may see it in places you'd never believe.

Actually yes you do post everything on social media

This is very disturbing stuff, and I believe any sane citizen can connect these dots and say something very sinister is happening. I am honestly horribly frightened at what we've uncovered, and I fear for the life of those who try to expose it, including my own.

UPDATE 11/9 – Anon has learned of a password secured area for Comet

Pizza <http://www.cometpingpong.com/protected> This is extremely odd for a pizza place. Within hours, Anon had infiltrated the servers. I'm not a hacker, so I'm just relaying information here, but it seems there is extensive security which even our best men have not been able to breach. ALL THAT TO PROTECT A PIZZA JOINT? They have confirmed the coded files names able to be viewed but not downloaded are video files.

UPDATE 11/10 – Besta Pizza officially changed their logo. [Dr. Pong Site](#) is hosted by the same admin that hosts cometpingpong.com. They advertise on a menu “sticky as a long, slow summertime fuck – 10,000”. WHAT IN THE ACTUAL FUCK.

## America's Congressional Pedophile Scandal

Even the mere hint of the coming Tsunami of Clinton sex stories has the Drudge Report readers drooling for every click they can find.

It isn't possible to do the Clinton sex circus without drilling deep into billionaire pedophile Jeffrey Epstein's "Sex Island".

It isn't possible to dive deep into the sordid Epstein pit without coming out drenched in the facts from the British police and Parliament child sex and murder club.

You then get bounced back to the Congressional leader, One Mr. Hastert, and his Congressional boy sex club. You then discover that over 70 United States Congress members have been charged with child pornography and sex with minors crimes.

That isn't even the juicy part!

Everyone knows that Lindsay Graham is gay. Everyone knows that Gawker Media's Nick Denton loves to have sex with boys and knew some of the key players in the British phone hacking and elite pedophile investigations. Many question John Boehner's lisp, orange face paint and constant crying. There is no doubt that homosexuality is wide-spread in the U.S. Congress and in their media front men.

We also all know that, despite hundreds of years of denial, the Catholic Church had a very organized rape and abuse club, targeting children, which was formalized, and operated by, the leaders of one of the most powerful organizations in the world.

Isn't the U.S. Congress the **other** most powerful organization in the world? Isn't the Gallop poll result, showing that most Americans believe the U.S. Congress to be corrupt, plenty of meat for the Trump strategists to make their point with?

The long rumored bi-sexual relations of Hillary are expected to come to the mainstream. Trump will say: ***"If she lied about her sexuality, and her marriage is based on sex clubs, how can we trust her with the launch codes.."***, or something to that effect.

Trump will need to show that Congressional abuse clubs, procurers, specialized madams for under-age sex, and the glut of child immigrants is connected to a system wide, covert program, to help the powerful have illegal sex with children.

Trump will need to argue that Senators having sex with young children is "evil". The Senators will have to argue that sex is ***"better with young people because older people are wrinkly and don't get very excited because, after 30, they are sexually all used up."*** That debate would be a nightmare for any politician.

Trump wouldn't do anything outrageous, would he? The tens of millions of social network re-tweets and dramatic increases in his polling numbers wouldn't need any more up-ticks, would they?

No Senator is safe. 85% of the U.S. Senate has used one of the 38 top Washington, DC escort services. All of those services have had their Juniper Networks/Cisco Based email and phone services hacked. Revelations are, now, only a matter of time. The Chinese have hacked the OPM background checks of every member of Congress. No member can now hide their indiscretions.

Senator Feinstein had a close relationship with San Francisco's Roger Boas, who was arrested for his involvement in an underage sex ring for San Francisco politicians. Where will that story lead us?

Another Congressional incident involves a famous taping of toes in a roadside rest-room for the seeking of anonymous gay sex by Congressional officials. Will that story get legs?

Why was Clinton going to “Sex Island”? Which pedophile British elite gave huge funds to the Clinton Foundation. Why were so many “Children's Center's” funded by the Clinton foundation? Donald Trump's team has the answers. Sidney Blumenthal may have created the political character assassination opposition research game but, in the post-Snowden world, you can bet that the sophisticated Trump organization will use investigative research at a level no-one has seen before.

**Who Is Jeffrey Epstein**

In the Magazine

Epstein (C) is being accused of sexual abuse by Virginia Roberts, having previously pleaded guilty in 2008 to soliciting prostitution with a minor and was jailed for 18 months. Former president Bill Clinton (L) and Prince Andrew (R) have all been known to spend time with the billionaire. Reuters, AP

## Jeffrey Epstein: The Sex Offender Who Mixes With Princes and Premiers

By [Catherine Ostler](#)

[World](#) [Jeffrey Epstein](#) [Sex Crimes](#) [British Royal Family](#)

Even by the standards of the British Royal family, the case of Prince Andrew and the underage sex slave is a peculiar one.

An American woman called Virginia Roberts – now a married, 31-year-old mother of three – has filed an affidavit in a Florida federal court in which she swears in gruesome detail that the late press baron and pension fiddler Robert Maxwell’s daughter Ghislaine recruited her to satisfy the sexual needs of billionaire financier Jeffrey Epstein and his friends. Those friends, according to Roberts, included the Duke of York, now fifth in line to the throne, and celebrity lawyer Alan Dershowitz (best known for getting Claus von Bulow’s conviction for murdering his wife overturned). Buckingham Palace have denied everything more than once. Dershowitz is suing. From 1999 onwards, when she was just 15, Virginia spent much of her time on Epstein’s Boeing 727 – nickname, the “Lolita Express” – on an unsavoury kind of world tour that included, she says, an orgy with Andrew on Epstein’s private island of Little St James, or “Little St Jeff”, as it became known.

One of the many extraordinary things about this sordid story that Jackie Collins would blush to create – aside from the fact that Andrew chose to refer to it at the World Economic Forum in Davos, of all places, but then was unable to keep his cool when asked if he would be making a statement under oath (he walked out of the room without answering) – is that Andrew would be friends with Jeffrey Epstein in the first place. But then again, as both Bill Clinton and Stephen Hawking have been to Little St James as part of Epstein’s circle, he was hardly alone.

[Try Newsweek for only \\$1.25 per week](#)

Around Epstein the question hovers: who exactly is this man who makes such powerful friends and how does he do it?

The 62-year-old registered sex offender comes from a gritty background in Brooklyn, with no university degree and no clear explanation for his many millions. As he mixes with princes and premiers and lives in multiple mansions his web runs wide and deep in politics, science, academia and business, as well as royalty.

Some presidents and princes, having acquired a taste for the trappings of high office or monarchy, find it hard to resist the allure of the private jet. There were obviously other attractions for Prince Andrew and Bill Clinton – the private island in the Caribbean described by former staff as “like a five star hotel where nobody paid”, the pretty girls offering massages, the on-tap chat about theoretical physics – but with his 600 flying hours a year to play with, usually with guests on board – Epstein had a lot of flight leverage. Which is why in this unseemly saga, just as Prince Andrew is being forced to issue what feel like daily denials about accusations of having sex with an underage girl at Mr Epstein’s many houses, eye-popping names surface in the Caribbean sea.

Stephen Hawking, attending a conference paid for by Epstein, was pictured at a barbecue on the “island of sin” as it has become known. With him in one picture were David Gross, an American physicist and Nobel laureate and Harvard professor called Lisa Randall. Two other Nobel laureates, Gerard t’Hooft and Frank Wilczek, have visited too. As has Professor Lawrence Krauss, and on other occasions his great friend, scientist Martin Nowak, who moved from Princeton to Harvard and with whose research he has funded.

Epstein mixes with the elite of the science world because he was a calculus and physics teacher. Born and raised in Coney Island, he attended some classes in physics and mathematical physiology of the heart, though he never graduated from anywhere. When he taught at Dalton School (a private school in New York) between 1973-75, part of the Epstein mythology goes, a parent was so impressed with his Dead Poets Society-type enthusiasm, mathematical ability and imagination that he suggested he move to Wall Street. So after a stint at Bear Stearns, he became a financial advisor to the extremely rich – it was said that only billionaires need apply – though only one client, Les Wexner, owner of Victoria’s Secret, was known by name. His friends would always insist he was incredibly clever and free-thinking while others find him “arrogant” and “awkward”.

Within a matter of years the schoolteacher-turned-tycoon was living the life of the American billionaire, with a villa in Palm Beach, a ranch in New Mexico, an apartment in Paris, as well as Little

St James and what looks like the largest private house in New York. Last time I walked past it, in the snow, the pavements were covered with ice everywhere apart from outside his house; the pavement is heated to make sure they never freeze over.

But even amongst this extreme wealth and luxury, the financier in casual clothes – he never wears a suit – was never a high profile socialite, or keen on much interaction. Then Ghislaine Maxwell came into his life. Where Epstein might gravitate towards scientists, she served up Prince Andrew, as it were, in whose circles she'd mixed for years. Thus it was that Epstein and Maxwell went shooting at Sandringham. Epstein could talk science for hours, but his manners were unusual in a host – staff on Little St James said he only picked at food, never drank, and got up at dawn, whereas Ghislaine had her father's bombastic charisma. Leaving aside the question of whether she served as his madam, and joined in the underage sex herself (as has been alleged), she certainly oiled the social wheels for him. So in Little St James Lord Mandelson and his boyfriend Reinaldo came to visit. Other friends included Donald Trump and Kevin Spacey.

For years the court of Jeffrey Epstein, courtesy of Ghislaine Maxwell, was thriving with the power-brokers, thinkers and players. But as one who knew them both for years says, "Ghislaine used the fact she knew other powerful people to seduce powerful people. But it boils down to this: what exactly did these men see in this private-jet, private-island owning weirdo? They didn't want to play scrabble so what do you think?"

## **GAWKER'S NICK DENTON, THE MEDIA ATTACK FACADE FOR THE DNC, CHARGED WITH SEXUAL ABUSE**

**Oh my! Gawker's Nick Denton's ex boyfriend is not happy with his new boy toy.**

By [Christopher Koulouris](#)

Nick Denton.

Frankly there's nothing more delicious than watching someone famous for ripping people's alive (yes journalism sucks these days) apart become his own parody on manners and gossip. That said there was a twinkle of relish when I came across **page 6**'s interesting expose on [Nick Denton](#), the media zealot of **Gawker media** (which owns a smattering of salacious dribble including **gawker**, **jezebel**, **deadspin**, **lifehacker** and **jalopnik**) who has suddenly found himself the scorn of a former jealous and one imagines scorned young boy lover.

**[page 6](#): Gadfly Gawker Media head Nick Denton recently changed his Facebook status from single to "in a relationship," but not everyone seems to be happy about it.**

**Sources say an angry ex of his new boyfriend tossed a brick through the window of Denton's SoHo loft building recently, and has been causing enough further trouble that the police have been contacted.**

Not to drift too much from Nick but I too was quite aghast when I decided to publicly note that I was no longer single but in a relationship on Facebook (for some reason I was quite surprised by the number of people who responded to what I perceived to be something really quite arbitrary and of little consequence in the world scheme of things, but yes people do pay attention it seems) which perhaps might explain the sudden attention that Mr Denton received when he publicly decided to note that he was in fact now no longer single.

Of course who also noted one assumes is a scorned former lover of the media titan who felt compelled enough to go smashing bricks into his former lover's abode. And perhaps with good reason as it appears Mr Denton's attentions have now turned to presumably a nimble agile and quite pretty young

man ( 28 year old **Derrence Washington**) who it appears is an English actor here in NYC on tour (permanent tour one supposes).

What perhaps make the intrusion even more charming (not to suggest they are ever charming) is Mr Denton's own acknowledgment that he is now being served the same dish he is well known famous for serving up on a regular basis.

**When we asked Denton about the incidents, he told us via e-mail: "After that Hulk Hogan sex tape on Gawker, I can hardly complain about intrusion into my private life!**

**"Yep, love is messy," he added.**

Indeed love and gossip are quite messy but that said I'm betting Mr Denton is loving every minute of it. If I could suggest one thing Mr Denton, perhaps if you were to send a bouquet to the former lover it may temper their ire. I know it worked for me once. Oh dear...

A massive data breach targeting adult dating and entertainment company Friend Finder Network has exposed more than 412 million accounts.

The hack includes 339 million accounts from AdultFriendFinder.com, which the company describes as the "world's largest sex and swinger community."

That also includes over 15 million "deleted" accounts that wasn't purged from the databases.

On top of that, 62 million accounts from Cams.com, and 7 million from Penthouse.com were stolen, as well as a few million from other smaller properties owned by the company.

The attack happened at around the same time as one security researcher, known as Revolver, disclosed [a local file inclusion flaw](#) on the AdultFriendFinder site, which if successfully exploited could allow an attacker to remotely run malicious code on the web server.

But it's not known who carried out this most recent hack. When asked, Revolver denied he was behind the data breach, and instead blamed users of an underground Russian hacking site.

The attack on Friend Finder Networks is the second in as many years. The company, based in California and with offices in Florida, was hacked last year, [exposing almost 4 million accounts](#), which contained sensitive information, including sexual preferences and whether a user was looking for an extramarital affair.

ZDNet obtained a portion of the databases to examine. After a thorough analysis, the data does not appear to contain sexual preference data unlike the 2015 breach, however.

The three largest site's SQL databases included usernames, email addresses, and the date of the last visit, and passwords, which were either stored in plaintext or scrambled with the SHA-1 hash function, which by modern standards isn't cryptographically as secure as newer algorithms.

LeakedSource said it was able to crack 99 percent of all the passwords from the databases.

The databases also included site membership data, such as if the user was a VIP member, browser information, the IP address last used to log in, and if the user had paid for items.

ZDNet verified the portion of data by contacting some of the users who were found in the breach.

One user (who we are not naming because of the sensitivity of the breach) confirmed he used the site once or twice, but said that the information they used was "fake" because the site requires users to sign up. Another confirmed user said he "wasn't surprised" by the breach.

Another two-dozen accounts were verified by enumerating disposable email accounts with the site's password reset function. (We have [more on how we verify breaches](#) here.)

When reached, Friend Finder Networks confirmed the site vulnerability, but would not outright confirm the breach.

"Over the past several weeks, FriendFinder has received a number of reports regarding potential security vulnerabilities from a variety of sources. Immediately upon learning this information, we took several steps to review the situation and bring in the right external partners to support our investigation," said Diana Ballou, vice president and senior counsel, in an email on Friday.

"While a number of these claims proved to be false extortion attempts, we did identify and fix a vulnerability that was related to the ability to access source code through an injection vulnerability," she said.

"FriendFinder takes the security of its customer information seriously and will provide further updates as our investigation continues," she added.

When pressed on details, Ballou declined to comment further.

But why Friend Finder Networks has held onto millions of accounts belonging to Penthouse.com customers is a mystery, given that the site was sold to Penthouse Global Media in February.

"We are aware of the data hack and we are waiting on FriendFinder to give us a detailed account of the scope of the breach and their remedial actions in regard to our data," said Kelly Holland, the site's chief executive, in an email on Saturday.
