Please promote the call for the new laws proposed at: <http://stop-sports-team-rape.weebly.com>

There are no laws in place that **effectively** halt the **hourly rapes** that take place in America and the **EVERY MINUTE rapes** that take place world-wide. The cover-up system for rapes by Frats, politicians, sports teams, barracks and professional groups is out of hand. There are no legal repercussions for the officers, executives and organization leaders who cover up, and support these rapes as "HR Benefits" for male recruits. The mini buses they send around, at night, at Stanford, Yale, UCLA and other colleges to pick up Sorority girls from dorms and deliver them to Frat house rape parties is obscene. End all night time Greek System Buses and "Slit Jitneys". Make it illegal for any person to contract an on-campus or near campus mini bus, van or car at night without a federal license and bond. It is a total lie that those buses are "to prevent intoxicated girls from driving or walking back". Those vans and mini-buses are to "Deliver Pu**y like Pizza" to Frat boys.

Susan Fesenly- UCLA

Who is responsible?

Anybody under 28 is going to be an **easy target** with alcohol, peer pressure and date rape drugs, all of which exist in huge depots in most Frat houses, locker rooms and after-parties. The adult in charge of the property **MUST** be the one that goes to jail, loses their home and stays in jail for at least 10 years. 70% of all girls at Stanford do not report rape/date rape because the Greek System will punish them for the rest of the semester, and longer. Stanford must be made to be legally and financially responsible for relocating rape victims. Shutting up about abuse is **NOT OK** and it is **NOT** what you need to do to get a "nice catch" yuppie husband!
