

# Who Does The White House Hire To Attack You If Your Speak Up?

Law enforcement agencies, intelligence agencies and private investigators have identified these attackers complicit in this matter.

Today, nearly a million emails were publicly leaked online from major corrupt officials. Our cases **call each and every one of those emails into evidence**. At BidenLaptopEmails.com ICJ.ORG and many other sites, any person can read the evidence. For example, while White House executives deny that they had any influence over the "winners" and "losers" of U.S. Department of Energy funds. The emails prove Biden and Obama Administration executives and their families to be bald faced lying criminals about those assertions, ie: Hunter Bidens emails about most of the operations:

Further, when confronted about these crimes, White House officials hired CYBER ASSASSINS:

## **HIRED TO KILL – THE CYBER ASSASSINS HIRED BY WHITE HOUSE STAFF**

### **- A Report To Federal Investigators And The Public**

A group of companies and individuals sell cyber assassination services designed to end people's lives. When we spoke with California Senators Speier, Pelosi, Feinstein and Harris; their staff said that they refuse to regulate such activities because it would violate "Freedom Of Speech". We also noticed that THEY hire these cyber assassins to attack political enemies, reporters, competitors and whistle-blowers. We asked about that conflict-of-interest. They did not respond... We then asked: "If it is OK for these people to engage in the attacks listed herein, (see the ATTACKERS PLAY-BOOK list; Below), are you OK with them doing all of these things to YOU for the next 5 years?"

They did not respond...

**A lifetime analysis of the published work, payments and who paid them, often via covert payment routes, conducted at an FBI-level of research, reveals some pretty interesting illicit and overt connections between all of them.**

**These are the people that the tech oligarchs, The White House and U.S. Senators hire to end your life if you report their crimes. It should be against the law for these cyber assassination kill services to even exist, but Congress won't outlaw them because Senators use them every day. If they can do the things they do, to you, then it must be legal to do the same things back to them. While they spend millions of dollars and get paid millions of dollars to destroy you, the average person only has a fraction of that money, if any at all, to fight back with. Since they are hired to destroy you, you have every right to destroy them...as long as you do it legally and in the most creative and insidious ways possible. In payback for accepting compensation for trying to destroy you and your family, they must be hunted and tracked for the rest of their lives! Criminal referrals and RICO charges appear to have been filed against every party on this list:**

Congressional and FEC investigators have a big question here. The big question is: If the people, above, are manipulating public elections with information trickery: IS THAT TREASON?

The attackers, The White House and Government agency staff set-up a tentacular, layered covert payment and command/control system in order to operate and disguise their attacks. The problem, for "Bad Buys" in the post-2000 era, is that nothing can be hidden because digital technology monitors everything. It is said that "DEEDS DONE IN THE DARK, ALWAYS COME TO LIGHT" and, in this case, that turns out to be quite accurate.

Law enforcement agencies, intelligence agencies and private investigators have identified these attackers complicit in this matter.

**A lifetime analysis of the published work, payments and who paid them, often via covert payment routes, conducted at an FBI-level of research, reveals some pretty interesting illicit and overt connections between all of them. For example, the following chart shows a typical money-laundering, tax and government surveillance evasion system for one of the attackers:**

*Figure 1: THERE ARE THOUSANDS OF BANKING RECORDS THAT SHOW THAT GAWKER AND GOOGLE TRADED CASH FOR KILLS*

*Figure 2: THERE ARE TENS OF THOUSANDS OF BANK, SEC, FINCEN, IRS AND OTHER RECORDS PROVING THE CASH MOVING THROUGH THESE EFFORTS WAS HUGE AND CAME FROM GOVERNMENT CONTACTS*

*Figure 3: THIS SHOWS THAT ONE OF THE ATTACKERS CLEARLY SELLS HIS SERVICES ON FACEBOOK AS AN "ASSASSIN"*

*Figure 4: ONE ATTACKER PAYMENT SCHEME HAD OVER 980 PASS POINTS VIA SHELLS, TRUSTS AND MONEY DROPS*

**While the thousands of graphics that Plaintiff's investigators have acquired provide a good visual tale of the crimes, corruption and attacks, the following text description of an FBI-level investigation is even more shocking. It is important to keep in mind that U.S. Government officials faxed, emailed, U.S. mailed and delivered the character assassination materials to Plaintiff's employers, family, friends, associates, fiance and others, in order to maximize the harm to Plaintiff.**

**All of the attacks got paid cash, stock perks, job advancements and other compensation. Here are some of the ways they hid the compensation transfers:**

- "Based on publicly available FEC records, repeatedly throughout the 2016 presidential campaign, HVF would purportedly transfer funds to its constituent political committees, which included between 34 and 40 state parties," the complaint states. "On the very same day each of these transfers supposedly occurred, or occasionally the very next day, every single one of those state parties purportedly contributed all of those funds to the DNC."

- In New York City, No. 9 East 71st Street is a well-known sex mansion used to pay off politicians and operatives via sex favors

- On Nov. 8, Craig B. Hulet, a well known and highly respected analyst on government policy, terrorism, and international relations, spoke on Coast to Coast AM regarding the growing scandal involving a [lawsuit](#) against the Federal Reserve, major banks, and many members of the Bush and Obama administrations. During his one hour interview, Hulet offered the assessment that many members of the Obama cabinet, including Hillary [Clinton](#), Timothy Geithner, and Eric Holder, were resigning their offices due to their potential roles in the TARP [money laundering](#) lawsuit.

- Attorney General Jeff Sessions encouraged the DOJ to reopen the Uranium One case. This indictment may be a byproduct of their investigation into the Clinton Foundation and Russia. Fitton doesn't think it's coincidental that the DOJ under Obama was "hiding this in plain sight from the American people", and certainly hiding "key elements" from congress. Then the DOJ under "Jeff Sessions responds by saying we're going to take another look at this. There's a new indictment to follow up on the indictment that is already out there, or a conviction... from 2015." According to Fitton, this is a follow-up investigation that started in Little Rock Arkansas. Both the FBI and the Attorney General are looking into pay to play allegations on the part of the Clinton Foundation. "One would hope Uranium One is part of it." He claims there were tens of millions of dollars that were laundered by the Russians through the Clinton Foundation.

- The Committee to Defend the President, a political action committee, filed its complaint with the FEC on Monday with the allegations that the Hillary Victory Fund (HVF) solicited cash from big-name donors, including Calvin Klein and "Family Guy" creator Seth MacFarlane -- money that was allegedly sent through state chapters and back to the DNC before ending up with the Clinton campaign.

- The FBI and FINCEN found that attacker David Brock, a professional cyber attacker and media assassin, has 7 non-profits, 3 Super PACs, one 527-committee, one LLC, one joint fundraising committee, and one unregistered solicitor crammed into his [office in Washington DC](#).

Uncovered records expose a constant flow of money between these organizations. The Bonner Group, his professional solicitor, works off a commission. Every time money gets passed around, Bonner receives a 12.5% cut. It appears that Brock has been passing around donations quite a bit, giving The Bonner Group a handout each time. In 2014, [Media Matters for America](#) raised \$10,021,188. The Bonner Group was credited for raising these funds. Media Matters paid them a \$1,147,882 commission. That same year, Media Matters gave a \$930,000 cash grant to David Brock's [Franklin Education Forum](#), an organization that shares office space with Media Matters. In 2014, the Franklin Education Forum reported \$994,000 in total contributions. 93.6% of that total came from Media Matters! Surprisingly, though, the Franklin Education Forum gave full credit to Bonner for raising that money. They paid the fundraiser a \$124,250 commission in 2014! As all of these groups exist within Brock's DC office, it would be difficult for him to claim he had no idea this was going on. The report continues: Furthermore, the [New York Times](#) reports that David Brock shares a summer rental in the Hamptons with Mary Pat Bonner, the President of the Bonner Group!

The above quoted sections of investigations are not the exception but, rather, the rule in money-laundering and covert payola to attackers. We have over 200,000.. let me repeat, **OVER TWO HUNDRED THOUSAND OTHER EXAMPLES OF THESE ILLICIT PAYMENT SCHEMES TO POLITICAL AND ANTI-COMPETITION ATTACKERS FINANCED, SUPPORTED, ENABLED AND OPERATED BY THE U.S. GOVERNMENT!** These payments occur in government offices DAILY! Government officials do not halt these methods, stop stock ownership by politicians, or delay this money laundering because **THEY PROFIT FROM IT.** That is **WRONG, ILLICIT, CRIMINAL** and a **VIOLATION OF THE BASIC PRECEPTS OF AMERICA!**

Because almost every one of them [coordinated](#) to attack others and their businesses, they broke the RICO Racketeering and anti-trust laws in America! In an FBI interview, it is believed that every person on this list would be implicated in charges when asked, under oath: "ARE YOU, OR HAVE YOU EVER HIRED, A CYBER ATTACKER?"

These were not just 'some people' who wrote something mean on a Facebook post. They had exclusive publishing resources on a national and global network that they systematically, and in a highly coordinated manner, operated on in exchange for compensation, to harm and attack specific targets that they were instructed to harm.

More names will be forthcoming as investigators complete their reviews.

Attackers Daniel Jones, Michael Sussmann, Nicholas Guido Denton, John Herrman, Adrian Covert, Media Matters, John Cook, Ian Fette, **Gabrielle Darbyshire, Patrick George, Eric Schmidt, Jay Carney and David Axelrod have already been placed under federal surveillance for some time. Plaintiff will request their case records from the FBI, FINCEN, Interpol, The NSA, The IRS, their banking and stock market accounts, and other sources, which will prove the assertions about their attacks, who hired them and the top-level command-and-control authority over their actions.**
