## **THE CLEANTECH CRASH:**

**The U.S. Department of Energy Seems To Think That Corruption is Not Important to 300 Million U.S. Citizens and Voters**

**Will Secretary Moniz's White Washing Attempt To Re-Write History Actually Work?**

**Does The Department of Energy Not Read the Polls? Almost EVERY VOTER is most concerned about "GOVERNMENT CORRUPTION" highlighted by SOLYNDRA and the Department of Energy's reign of corruption.**

How [White House](#), and [Sacramento State Capital](#), staff [maliciously sabotaged](#) a huge number of [American companies](#), and the nation's future, in order to ["clear the decks" for illicit stock scam Payola for themselves, and their billionaire campaign financiers](#). You heard about [Solyndra](#) but you haven't heard [the whole story](#). Now you will...

- Every single applicant, who was not a campaign crony, was denied, sabotaged and attacked.
- Only campaign crony's got the cash, and every one of their competitors got jacked!
- The facts are in. The evidence is indisputable. The crimes hurt every single taxpayer!

This was a clear, and overt, "organized crime" felony-class criminal activity, proven in hundreds of thousands of pages of evidence. Public officials engaged in attacks and manipulations, against U.S. taxpaying citizens, in order to line the politicians own pockets with HUNDREDS OF BILLIONS OF DOLLARS OF TAXPAYER CASH WHICH WAS COVERTLY ROUTED, BY PUBLIC OFFICIALS, TO THEIR FRIENDS . As of now, not a single government authority has taken any action, or responsibility for resolving it. This was a political campaign financing kickback and stock market manipulation scheme. The cover-up must end, now!

### **VOTERS:**

1.) VOTE THE BILLIONAIRE-BACKED "TOOLS" OUT OF OFFICE IN 2016! DO NOT VOTE FOR ANY CANDIDATE WITH FINANCING FROM SECRET BILLIONAIRES, OR ANY CANDIDATE THAT WON'T SIGN A GUARANTEE TO MAKE TEN LAWS, WITHIN 10 DAYS OF TAKING OFFICE, THAT MAKES ELECTED OFFICIAL CORRUPTION IMPOSSIBLE! ORDER YOUR ELECTED OFFICIALS TO OUTLAW REVOLVING DOOR BRIBES, STOCK BRIBES, AND KICK-BACK GRANTS AND CONTRACTS TO THEIR CRONY'S! THAT'S RIGHT, "ORDER THEM". THEY WORK FOR YOU. YOU PAY THEM. THEY ARE YOUR EMPLOYEES. GO TO THEIR OFFICE AND TELL THEM TO CUT THE SH\*T AND DO THEIR JOBS!

2.) [HELP PROMOTE THIS SITE](#). WE ARE ON-TRACK TO [KEEP INFORMING](#) 100,000+ NEW PEOPLE, PER DAY, ABOUT THESE CRIMES. SPONSOR A MIRROR OF THIS, OR SIMILAR, WIKI P2P-LAW ENFORCEMENT SITES!

3.) DEMAND THAT STATE AND FEDERAL "SPECIAL PROSECUTORS" OPEN PUBLIC INVESTIGATIONS ON THIS CASE!

4.) SUE EACH OF THE CORRUPT POLITICIANS, *PERSONALLY*, FOR THE LOSSES, ABUSES AND TOXIC DANGERS THEY CREATED FOR YOU, AND YOUR FAMILY. SUE THEM, INDIVIDUALLY, IN SMALL CLAIMS COURT, FEDERAL COURT AND IN CLASS ACTIONS! USE THE LAW TO YOUR ADVANTAGE. OUR ALLIANCE REPORTS DIRECTLY TO MR. COMEY AT THE DC OFFICE OF THE FBI, DAVID JOHNSON AT THE SAN FRANCISCO OFFICE OF THE FBI, AND EVERY SENATE PRESS OFFICER.

### **POLITICIANS:**

THE VICTIMS WILL NEVER FORGIVE, AND NEVER FORGET, UNTIL JUSTICE IS ACHIEVED! THIS WILL NEVER GO AWAY UNTIL THE CORRUPT ARE TERMINATED FROM OFFICE AND THEIR DAMAGES PAID FOR!

---

***"IN COURT, WE WILL PROVE, BEYOND A SHADOW OF A DOUBT, THAT WHITE HOUSE AND SACRAMENTO STATE CAPITOL OFFICIALS, AS THEY SAT IN THE HIGHEST OFFICES IN THE LAND, ORDERED POLITICAL "HIT JOBS" AND CHARACTER ASSASSINATIONS ON U.S. TAXPAYING CITIZENS IN THE HEART OF AMERICA, OUT OF PURE MALEVOLENCE AND PETTY HIGH-SCHOOL LEVEL VENGEANCE!"***

**[SEE THE AFGHANISTAN TRILLION DOLLAR SCAM INVESTIGATIVE REPORT SERIES IN: PROPUBLICA](#)**

**THE EVIDENCE PROVES THE FOLLOWING:**

- Somewhere between 800 million, and over six trillion, dollars of U.S. taxpayer money was embezzled in corruption schemes in Afghanistan
- Campaign financiers were directly involved in organizing some of these Afghan corruption scams
- Google and Tesla were campaign financiers who coordinated these scams
- Google and Tesla hold huge stakes in Afghan mining deals that Google and Tesla sell directly, or indirectly
- White House staff and advisors held, or hold, stock in the companies related to Google and Tesla
- U.S. Senators charged with corruption, held, or hold, stock in the companies related to Google and Tesla and had major conflicts of interest with the Companies given funds by Steven Chu
- Solyndra was raided by the FBI. Solyndra was created to exploit indium and lithium from Afghanistan
- California State Officials held, or hold, stock in the companies related to Google and Tesla and had major conflicts of interest with the Companies given funds by Steven Chu
- Steven Chu held, or holds, stock in the companies related to Google and Tesla and had major conflicts of interest with the Companies given funds by himself while working at the Department of Energy
- Steven Chu and Department of Energy staff sabotaged most companies that competed with Afghanistan lithium mining holdings of campaign investors
- Google holds various interests in Elon Musk's companies and his suppliers
- Google and Elon Musk's companies would not be in existence today if not for state and federal government hand-outs at taxpayer expense
- White House senior executives have ordered federal agencies to "stand down", "take no action", "cover up" or "punish reporters" in these charges
- Goldman Sachs had a managing, profit-taking and political campaign finance relationship with almost every suspect, Afghan commodity manipulation charge and Google and Tesla owner
- Google manipulated the Internet to attack and destroy politicians, reporters, companies and individuals who competed with Google, Elon Musk or Kleiner Perkins-related assets
- The Attorney General of the U.S. ran a cover-up of crimes by campaign financiers
- Tesla and Solyndra have the same property, supplier, Senate, construction, leasing, HR service and related political kick-back deals in effect
- U.S. taxpayers lost trillions of dollars, jobs, 401K asset value and suffered other damages because of these crimes

If any of the above dispute any of these widely documented, and verified charges, they should appear on live TV before a Special Prosecutor and make their case.

---

In all of recorded history, there has never been so much taxpayer cash given to so few people, where each, and every, one of the recipients was a friend of the politician giving away the taxpayer cash and everyone who got the cash immediately skimmed "unjust profits" and shut down the business. On top of that, every applicant, who was not a friend of the politician, was considered a competitor, and was attacked and sabotaged, using state and federal resources. This was a felony-class crime that has cost taxpayers trillions of dollars in losses. Evidence proving this, as fact, many times over, is available to be presented before the Special Prosecutor in a public hearing. Find out why "electric cars, driver-less cars and indium" were not only not green, but the dirtiest kind of war profiteering mining scam in political history!

From One Plaintiff To The State Of California:

***"Organized Crime, Corruption, Racketeering"***

***These are supposed to be the domain of prime time TV plots, not the daily "To Do" list of elected officials.***

***As taxpayers, state-born residents and original state business founders, we, and our peers, do not expect our own public officials to stab us in the back because they were not clever enough to compete on a fair playing field.***

**As Elizabeth Warren has said: "The game was rigged".**

**The State of California operated a criminal enterprise by exclusively, covertly, illegally and unethically handing billions of taxpayer dollars to five men. In collusion, those parties used Internet, media and HR technologies to attack those who reported them or competed with them.**

**These men did not earn that money, they bribed their way to that money.**

**These same men were our competitors and they feared our market advantages. They chose to cheat instead of compete.**

**These same men were the largest providers of bribes to the state officials who gave them that taxpayer money. These men could not operate in the fair and open market because their products had already failed in that market.**

**These men, and their lackeys, are all connected to the crimes in this case by financial records, surveillance records, witness testimony, covert stock securities transactions, stock ownerships, electronic communications and related documents, now available to any competent investigator.**

**Arrests have been made, but more are coming. Even our team is, now, legally empowered to make some of those interdictions as citizens arrests.**

**The State of California knows about the details of these crimes, but the cover-ups are wearing thin.**

**Taxpayers have lost nearly a trillion dollars of their money because of these crimes. Our companies have lost their families, futures, homes, brands and lives because of these crimes, against us, and the taxpayers.**

**Toxic, lethal materials, were distributed across the state, as certified by federal MSDS documents, University research and EPA documents about the materials used by Tesla, Solyndra and the other, so called "winners" of the graft and payola cash and tax waivers.**

**The largest, deadliest, most environmentally damaging leak in California history is the Southern California Methane leak. It, and related leaks, are many times bigger than the BP spill. We would have used that methane to power every car in California, with no waste, for decades. Instead, it is being poured into the atmosphere and may have already undone every single "green energy initiative" the state has ever rolled out. Why did state officials pick toxic corruption over true "clean energy".**

**The "California CleanTech" program was a toxic smoke-screen, designed to fool the voters into not complaining about this campaign-funding kick-back scam, which used "feel-good, crunchy granola" PR terms to hide horrific crimes from the public.**

**In order to assure voters that this public policy system is no longer rigged, this board should award a special discretionary damages distribution, in this case, to prove to voters that the system can still be trusted.
