Twitter Files dump shows it SUPPRESSED debate and information from doctors and experts which clashed with White House - and suspended vaccine skeptic Alex Berenson at Biden's request

Both the Trump and Biden administrations pressured Twitter executives to censor information that was 'true but inconvenient,' the latest Twitter Files reveal. Using their pull at the social media giant, the government was able to discredit doctors and experts on Twitter and suppressed user's freedom of speech. The Biden administration was even able to get former vaccine skeptic Alex Berenson kicked off the platform.
