

THE NAZIS OF THE INTERNET

NEVER FORGET. NEVER FORGIVE. NEVER USE A GOOGLE PRODUCT.

HOW TO CRASH GOOGLE & DELETE IT FROM THE WORLD!

Update 2.2

This is the process for bankrupting Google and putting them out of business because they are a criminal organization.

For the purpose of this interdiction program, the trade name “**Google**” is comprised of a group of front companies: **Alphabet, Calico, Jigsaw, YouTube, Google, Gmail, In-Q-Tel, New America Foundation, Loon, Google Search, Google Drive, Google Chrome, Google Phones, Google Fiber, Google Android, Google Nexus, Google Pixel, Nest, Google Home, Google WiFi, DoubleClick, On2 Video, Google Energy, Google Ivanpah, WAZE, DeepMind Spy Services, Goggle DayDream VR, etc.,**

are all directed by the same people with the same agenda which is hostile to the public. All of these brands shall be terminated.

Google's political manipulations have led to prominent media notoriety, including [criticism of the company](#) over issues such as [aggressive tax avoidance](#),^{[339][356]} [search neutrality](#), [copyright](#), [censorship](#) of search results and content, and [privacy](#).^{[357][358]} Other criticisms include alleged misuse and manipulation of search results, its use of others' [intellectual property](#), concerns that its [compilation of data](#) may violate people's [privacy](#), sexual deviancy and the [energy consumption](#) of its servers, as well as concerns over traditional business issues such as [monopoly](#), [restraint of trade](#), [anti-competitive practices](#), and [patent infringement](#).

Google dangles free candy at you and your children from the dark side alley's of the internet. Once it gets its victims within its grip, it bends them over the digital dumpster, in that alley, and plunders them for their privacy, votes, cash, minds and impressions.

Pass this action-item list around. Feel free to re-post it everywhere you possibly can online and in the physical world. Anytime you file a demand, carbon copy it to all press and law enforcement so that nobody can ever say “*they never knew about it*”.

Google decided to operate election rigging and political hit-job services instead of selling a service. A company must either sell a good or a service or manipulate politics, not both. Google chose to manipulate politics and break laws and ethical standards. For these abuses of the public, it must be punished.

Interdiction Tactics You Can Use To Terminate Google as Provided by Human Rights Groups From Around The Globe:

1. Break up Google's global monopoly. Send a complaint letter about your realization that Google is an “*Illicit Monopoly which controls the primary points of web access, and then censors public information in*

order to eliminate anything that does not comply with Eric Schmidt's ideology” to the anti-trust and regulatory commissions in each nation on Earth. Organize groups to do this in large volumes. Allowing Google to keep its monopoly and just add a bunch of new little “divisions” is NOT a break-up beneficial to the public!

2. Google has manifested a system which records everything you do and keeps a lifetime file on you, attached to your social security number and name. Write every U.S. politician and demand that laws be made to stop Google from doing that.
3. Google, and it's underling partners, create a psychological profile of who you vote for, what your beliefs are, what can be used to trick you into doing what Eric Schmidt and his partners want, and what your dating life is like. Write letters to Congress demanding that the FBI observe the erasure of all of those illicit files Google keeps on you.
4. Every time you touch any network connected device, it is recorded, analyzed, time-stamped, GPS located, and put in the master surveillance file and digitally attached to your name, social security number and global surveillance code. Never connect to a Google product with anything that has a network modem, a plug or a battery.
5. Anytime you “check in”, on any social media site, it is recorded, analyzed, time-stamped, GPS located, and put in your master surveillance file. Never “check-in” or “update” anything about yourself on Google or other social media.
6. Google lies to advertisers by faking user stats and impressions to make it look like Google is bigger than it is. A huge number of “users” on Google are FAKE! Contact every company that advertises on Google

and encourage them to sue Google for fraud. Contact every advertising organization and encourage them to file a class-action lawsuit against Google for fraud.

7. Every single personal fact, text, email, comment, blog response, form you fill out, or any other activity you conduct on, near, or with your computer, phone or “smart device” goes into your surveillance digital file to build a psychological, emotional, political, financial and manipulation study of your life. Ask Congress, the EU and all regulators to make it illegal for Google to do this.
8. Google uses these surveillance tricks to try to make you buy certain products, to make you vote for who Eric Schmidt wants you to vote for and to steer you, subliminally, into believing what Eric Schmidt believes. Ask Congress, the EU and all regulators to make it illegal for Google to do this.
9. Schmidt, and his minions, are able to actually rig the Google system, around the world, to eliminate certain people, views, perspectives or experiences. Ask Congress, the EU and all regulators to make it illegal for Google to do this.
10. Eric Schmidt's sexual and marital deviancies are documented in the media. Schmidt's deviancies extend well beyond the bedroom. Not quite so illuminated are his political and ideological beliefs. Schmidt believes that, because he got some huge government exclusives, which made him rich, that he is smarter than everyone else. Expose ALL sides of Eric Schmidt and his Silicon Valley Mafia, in the news.
11. Schmidt has used his billions to buy one of the largest accruals of “Yes Men” the world has ever seen. He surrounds himself, twenty deep,

with whimpering hipster sycophants, who drone on, endlessly, with affirmations of his self-aggrandizing ego. Deliver messages to Schmidt, in person, at his home, office and public events telling him what is really going on.

12. Schmidt placed many of his “Yes Men”, and “Yes Women”, in the White House. No company, in modern America, has put more of it's people inside the U.S. Government. DOX and Out every Google agent in government offices.
13. Eric Schmidt bought The White House, the privacy of the public and control of the Internet. Now it is up to the rest of the world to decide if they want to roll over and let Eric Schmidt and his Silicon Valley weasels shove it in, deep and hard, or, finally reject Google across the map. Organize neighborhood anti-Google postings on every bulletin board you can find.
14. Google receives hundreds of billions of dollars of exclusive government handouts at the expense of taxpayers and competitors. Write letters ordering your elected representatives to cut-off all government contracts to Google.
15. Google operated a monopolistic empire using state and federal funding in violation of anti-trust laws and business ethics. Demand that the FTC file monopoly charges against Google and end the cover-ups.
16. Google ordered, and operated “hit jobs” on competitors using state and federal staff and resources. Put the same kinds of hit-jobs on every Google executive and VC.

17. Google has an executive team which strategically plans, organizes and implements the penetration of state and federal government agencies in order to illicitly steer funds and government policy to the will of Google's owners.
18. Google pays its public policy agents with cash, stock warrants, revolving door jobs, stock valuation manipulations, search engine rigging and mass-market mood manipulation data rigging worth tens of billions of dollars in unreported campaign funding and influence buying. That is a felony. It is a violation of campaign finance laws. Write to the FEC and demand that Google be prosecuted!
19. Google orders it's staff, within government agencies, to curtail all law enforcement and regulatory control of Google's actions. Google programs its employees to believe that anything that Google does is for "the greater good" and that "Google mindfulness must always prevail" in a manner that abuses naive young employees and sets them up to not question Google's actions.
20. "Citizens Arrest" Google executives and VC's at their homes, offices, trade-shows or restaurants and turn them in to the FBI along with a CD of all of their crimes. Follow the correct procedures for documenting and staging your Citizen's Arrest of Google VC's and executives.
21. Use databases and VOAT.CO to track and expose the tax evasion schemes, Irish false-fronts, PACS, Political stock market bribes, Stock market rigging, Google's staff and VC Hookers, voter manipulations, expenses frauds, Crony Dept. of Energy and Dept. of Transportation payola, election rigging and other forensically documented crimes.
22. Google engages in the hiding of Internet links, controlled by Google, in order to negatively affect the brand and reputation and income of

competitors, across the web, globally. Report this and demand Congress stop Google.

23. Google engages in the posting of character assassination articles about competitors, the production of which were partially coordinated by Google staff and investors; , along with with it's attack contractors, on the first line of the front page of their search engine and locking those attacks there so that no outside IT or other positive global news stories could move it. Demand that Congress fund private funds to pay for lawsuits by the public against Google to stop these attacks.

24. Google executives and venture capitalists have the highest sexual abuse, sex trafficking and sexual deviancy record of any corporation in the USA. Over 800 Google-related twisted sex incidents have been recorded including: The Doy Katz underage sex arrest; The Mike Goguen Anal Sex Slave Sex trafficking case; The Eric Schmidt Sex Penthouse case; The Joe Lonsdale rape case; The Ellen Pao Sex abuse case; The Ravi Kumar hooker death case; The Forrest Hayes Sex murder case; The Stanford Frat house rape cover-ups; The Intern sex abuse scandals; The Stanford Graduate School of Google Teacher: The Brock Allen Turner Rapes; Dean Garth Saloner Sex scandals; The Silicon Valley Hooker parties; The Rosewood Hotel Thursday Night Sex Pick-up scene for Google VC's, The Larry Page/Elon Musk gay romp rumors; The Eric Schmidt Marriage Cheating Scandal; The Elon Musk Divorces; The Plane-loads of Ukrainian prostitutes being flown into SFO for Google Executives and VC's; The brutal assaults of women by Gurbaksh Chahal; The #PizzaGate Connections to vast numbers of Google people; The Draper Fisher Intern Rape Investigation; The Famous Gay Tech CEO's Who Have "Cover Wives" Revelations; The Sergey Brin 3 Way Sex Romp With His Google Glasses Staff; and hundreds more need to be publicly discussed and analyzed.

25. Upon legal receipt of removal demands from competitors and their lawyers, Google refused, in writing, to remove the attacks in order to damage competitors maximally. Public support needs to be expanded to sue Google for refusing to cease attacks upon demand.
26. Google engages in DNS, web pointing, down-ranking and search results targeting in order to damage the Internet operation of competitors web-sites and press releases. This must be reported to FTC and SEC as felony abuse of public rights.
27. Google's competitors hired IT experts to do a multi-year sting and IT analysis investigation, involving the setting of hundreds of "trap servers" around the world, to prove, over a five+ year period, that Google was manipulating search results in order to damage some parties and falsely enhance others, who were Google's covert partners. Other parties, including universities, research groups, the European Union, The Government of China, The Government of Russia and other parties, have now emulated and proven these results showing definitive proof of Google's malicious manipulation of the Internet in order to damage it's competitors and promote it's friends while also damaging it's friend's competitors. Google must be sued for these crimes. Sue each Google Executive and VC, individually, one at a time, in Small Claims Court!
28. Track and publicly expose Google's financial, stock market, management, marketing, and personal relationship with attack services provider Gawker Media.
29. Track and publicly expose Google's financial, stock market, management, marketing, and personal relationship with attack services

provider Steve Spinner.

37. In light of the accruing charges and evidence, Google was forced to break-up it's main operation, changing it's name from: "Google" to "Alphabet", in order to attempt to mitigate it's damages in this, and other pending cases, by creating a false-front structure whereby Google attempt to hide their tax and legal liability obligations by, on paper, reducing the operation into smaller parts. Expose Google's sham corporate structure and shell companies and recognize the entire operation, and each and every part, and owner, as being liable for competitors damages.

38. Google copied dozens of competitors products, which the federal patent office had issued patents and secured files on as being first developed by others, years before any interest in, or development by competitors. Google either gave away the copied products, in order to terminate competitor's revenue opportunities, or used billions of dollars of "unjust rewards" secured, according to the U.S. Treasury, from ill-gotten gains via contract manipulations and illegitimate tax loss write-offs and payola tax waivers, to flood competitor's out of the market and order financing blacklists to be created by their investors. The New York Times article on Larry Page proves him to be a patent thief. Google's patent attorney runs the U.S. Patent Office. Demand that Michelle Lee be fired from the U.S. Patent Office and that a public fund be established by Congress to help small inventors who are attacked and blockaded by Google.

39. Google engaged in additional malicious harassment using retained writers who did not disclose their "shill", "meat puppet", "Troll" and "Click-Farm" media attack services function for Google. Dox and Expose the media shills that Google hires.
