It took a lot of time, hard work and treasure but they did it!

Today the US mainstream liberal media is considered more biased than any other country — including the historic Pravda news agency!

They beat out Russia's Pravda, China News and Aljazeera — And it wasn't even close!

The US liberal mainstream media is today considered more biased than any others!
FAKE NEWS IS KING IN AMERICA!

It took a year of looking for the elusive Trump-Russia collusion that really solidified it in the minds of Americans.
But they did it!

According to the latest **Pew Research poll** the US media is less trusted than media in any other country including Russia, China

and sh*tholes like Haiti.

The Washington Examiner reported:

Americans on both sides of the political aisle believe the media does a poor job covering political issues fairly, according to a blockbuster new survey of media consumption in 38 nations.

What's more, the Pew Research Center's study found that supporters of President Trump believe the media is doing a worse job covering politics than the supporters of any of the other international political leaders in countries surveyed.

"Large gaps in ratings of the media emerge between governing party supporters and non-supporters. On the question of whether their news media cover political issues fairly, for example, partisan differences appear in 20 of the 38 countries surveyed. In five countries, the gap is at least 20 percentage points, with the largest by far in the U.S. at 34 percentage points," said Pew.

The survey found that just 21 percent of Americans supportive of Trump and Republicans believe the media is fair. Some 55 percent of those who don't back Trump also believe the media is fairly covering politics in the U.S.

In every other case, those numbers are flipped, said Pew.
