No, and her plan was to make every single guy who ever rejected her pay through her politics. Disgusting.

This lady uses her vagina and her loyal anchor babies to keep fighting the good fight....she is a vile ugly thing- she thought she could be the new LORETTA SANCHEZ whore of the beans.

She is but one of many noxious Marxist purveyors of industrialized victimhood which has been politically-engineered to deplete with a thousand threats the stalwart sensibilities of the individualist capitalist thinker without a single fucking trial or shred of evidence. Sexual impropriety, whether provable or fantasy, is nothing more than a deceitful tool in the ice-cold hands of contemporary social-gathering designers. Their fake lust to solve violent and unwanted lust has not an iota to do with resolving complex sexual mores run afoul of actual law through reasoned and scientific approaches.

Cutting the philosophical limbs from under this sweaty cretinous movement requires an Objectivist overhaul of modern education which is nothing more than a cauldron of Kantian listlessness pacing like self-crowned wolves gathering under blood moons of dark magic and subverted realities.

Go at the hildebeasts until they cry "Uncle" "Uncle" Serious..

Those fucking people are separating me from everything I've ever dreamed. How do I find it without them present as third party to fuck it all up?

Just cut government funding. Problem will solve itself very very quickly.

If you were some guy whose wife divorced him because an ugly liberal toothyfaced bitch like her had her leg up at the right moment you'd be like #METOO ...

METOO can save marriages. Rape is real as fuck.

I could look at this bitch and tell you she is a headcase. It would take me 10 seconds to know that. People like this getting elected says a lot about the voters.

Hypocrisy is their bread and butter.

Not surprising at all. Monumentally stupid, but not surprising.

Did anybody else notice this in her denial?:

"That's definitely not anything that happened. Not only did I not have those conversations, but I'm also not engaging in sex for information or for votes," Garcia said.

Who accused her of harpooning the salty longshoreman for votes, or did she just Scooby-Doo that in all by herself?

permalink

[-] EvilSeagull 0 points (+0|-0) 10 days ago

I did notice that. I immediately thought that meant she does try to exchange sex for votes.

High testosterone political type with a face like that -- highly likely. They like fucking but guys are a little slow to approach them, so they tend to try to move things along a little.

[-] MichaelObamasPenis 0 points (+0|-0) 9 days ago

She has no obvious signs of high testosterone. She just has really shitty genetics. Looks like she's got some jew in her too. with that hook nose.

Out of the 4 times I've been a victim of sexualized harrassment, 2 of them were women hitting on me or my husband. When a homewrecker is ignored by a decent and chaste monogamous man, she goes in to seduce the wife every. single. time. The other times it was either an old man or a fat one.

A bitch with no man and no prospects knows the only way to get a man like mine is to have me around to attract what she cannot herself. When those bitches try and trollop me I go straight at them as if they already fucked him.

Those dumb whores will go years without a relationship, allowing their mother or some other person to support them.

Then they try and use marrieds to appear like they're making progress toward matrimony before they get cut off financially. After that they try to befriend you, waiting for that drunken dinner party where they can RAPE your home and marriage. You don't need a best friend. You're better off having a family.

Tell the homewrecker that you're looking for a surrogate. That stupid bitch will see her next child support check getting eschewed and fucking run right away leaving you to your man, with him untouched.

If you cut her off there's a social price to pay, but its better than a divorce.
