

HOW WE FIGHT TO END CORRUPTION!

WE, AND THE PUBLIC, ALWAYS WIN OUR CASES!

When we **"WIN"** our cases, it is not about getting money. It is about beating up the bad guys. We *have* **WON** all of our anti-corruption lawsuits, cases and efforts.

When we sue/target corrupt public officials, or mobster big tech oligarchs, this is what we accomplished when **WE WON**:

1. We got major public officials investigated, fired, indicted, exposed, sued and shamed over their corruption.
2. We got multiple federal investigations launched, Congressional reports published and new laws made that jammed up their corruption.
3. We got national broadcast news segments produced on major TV shows, about their corruption.
4. We got evidence of their corruption permanently posted on court and judiciary servers for all of the public to see how their corruption works.
5. We got tens of thousands of news articles produced and published about their crimes (ie: Chu, Epstein, etc.)
6. We got a huge number of web tv segments produced and broadcast on everything from TIKTOK to YOUTUBE, about the crooks, globally.
7. We got their dirty tax records, secret accounts, hookers and other misdeeds exposed.
8. We exposed the networks of crooks that help the bad guys do their dirty deeds (ie: Panama Papers, Swiss Leaks, etc.)
9. We filed multiple lawsuits that shamed them and sent the forensic investigators and reporters right to their front doors.
10. We got corrupt City Halls, (ie: SF) and their dirty networks of insiders, exposed and made them lose their political power.
11. We got the cyber-assassin bloggers they hired to attack us, placed under surveillance for the rest of their lives and bankrupted their tabloid rags.
12. After Elon Musk hired attackers to *"take us out"* because we reported him to Congress, we returned the favor by helping get over 100 lawsuits and federal investigations launched against the scumbag tech mobster.
13. And more...

We have hunted down every single one of our attackers and had them: sued and/or bankrupted and/or arrested and/or indicted and/or fired and/or boycotted and/or exposed in books and documentaries and/or investigated by law enforcement, intelligence and regulatory agencies and/or placed under surveillance and/or financially tracked across all of their family trust funds, shell corporations, money-laundering and campaign finance accounts and/or targeted in Congressional investigations that we developed and/or removed from office and otherwise addressed for the rest of their lives.

WE HAVE NEVER LOST A CASE! WE HAVE A 100% SUCCESS RATE!

By comparing records and files from FINCEN, FBI, FTC, SEC, Congressional Investigators, ICIJ, FEC, Interpol, CIA, DOJ, ProPublica, and other sources, we have helped you easily see that political officials own Google, Tesla, Facebook, YouTube, Instagram, et al, (AKA "The Tech Cartel" or, in legal terms: "The Enterprise"). This explains why those companies have been exempt from regulation and prosecution. Those public officials (Senators, White House executives, Congress) and tech company oligarchs have exchanged millions, and millions, of dollars between themselves and their families for unjust gain via political profiteering.

They were all either financed by, friends, with, sleeping with, dating the staff of, holding stock market assets in, promised a revolving door job or government service contracts from, partying with, personal friends with, photographed at private events with, exchanging emails with, business associates of or directed by, our business adversaries, or the Senators and politicians that those business adversaries pay campaign finances to, or supply political digital search manipulation services to. Criminal U.S. Senators coordinated and profited in these schemes. Their own family members have now supplied evidence against them. You don't hear about this, much, in the "main-stream news" because nearly half of Congress, White House staff and government agency bosses own the stock in the news broadcasters and receive billions of dollars of financing from them.

Many witnesses, including us, have now sworn, warranted and certified to federal law enforcement about the details of these crimes. Many of those whistle-blowers were former executives in "The Tech Cartel".

In all of recorded history, there has never been so much taxpayer cash given to so few people, where each, and every, one of the recipients was a friend of the politician giving away the taxpayer cash and everyone who got the cash immediately skimmed "unjust profits" and shut down the business. Almost everyone who was not a friend of the politician, was considered a competitor, and was attacked and sabotaged using state and federal resources. These are felony-class crimes that has cost taxpayers trillions of dollars in losses. Evidence proving this, as fact, many times over, has now been published.

How the main part of these schemes work: 1.) Politician (ie: Feinstein family members) buys stock in company "X" and it's suppliers based on insider tip... 2.) Politician rigs government money to go to company "X" (ie: Tesla or Solyndra)... 3.) Goldman Sachs & Google promote (pump) company "X" stock and skim fee's from the valuation increase... 4.) Politician gets profits from the pumped stock value... 5.) Politician rigs decision process so that no competitors to Company "X" are allowed to get government funds or help... 6.) Politician gets service's "bills" from lawyers and consultant's that are padded hundreds of times over... 7.) Politician pays over-charged bills with government funds and lawyers put the extra money in real estate, search engines, sex brothels and other things that Politician can take ownership of later on... 8.) Company "X" arranges for Universities and corporations to hire Politician for \$300,000.00 "speaker fee's" and Netflix revolving door payola "Board Positions" that are really just bribery conduits... 9.) Goldman Sachs relay's Politicians extra money to off-shore money laundering outlets... RINSE - REPEAT...

This is not about politics. It is about felony crimes! Some of your government representatives are business partners with America's biggest enemies and make decisions based on greed, not duty! Sue them, expose them, shame them for all of time!
