[In March 2017 we reported](#) a list of more than a dozen proven victims of Obama's illegal wiretaps. Now we can add to that list the many times when candidate and President Trump and his team were spied on.

In March 2017 President Trump tweeted the following -

Terrible! Just found out that Obama had my "wires tapped" in Trump Tower just before the victory. Nothing found. This is McCarthyism!

— Donald J. Trump (@realDonaldTrump) [March 4, 2017](#)

President Trump continued with a tweet asking whether it was legal for Obama to be spying on his campaign -

Is it legal for a sitting President to be "wire tapping" a race for president prior to an election? Turned down by court earlier. A NEW LOW!

— Donald J. Trump (@realDonaldTrump) [March 4, 2017](#)

President Trump then tweeted that a good lawyer could probably make a great case out of Obama's spying -

I'd bet a good lawyer could make a great case out of the fact that President Obama was tapping my phones in October, just prior to Election!

— Donald J. Trump (@realDonaldTrump) [March 4, 2017](#)

In response to his tweets the Mainstream Media (MSM) went crazy and called President Trump crazy and a liar. So we listed the many times that Obama reportedly spied on others outside of the Trump campaign presented below -

(WikiLeaks released the following list on February 23rd (see link [here](#)) of Obama Administration wire taps.)* The US National Security Agency bugged a [private climate change strategy meeting](#); between UN Secretary General Ban Ki-Moon and German Chancellor Angela Merkel in Berlin;

- * Obama bugged Chief of Staff of UN High Commissioner for Refugees (UNHCR) for long term interception [targetting his Swiss phone](#);
- * Obama singled out the Director of the Rules Division of the World Trade Organisation (WTO), Johann Human, and [targetted his Swiss phone for long term interception](#);
- * [Obama stole sensitive Italian diplomatic cables](#) detailing how Israel's Prime Minister Benjamin Netanyahu implored Italy's Prime Minister Silvio Berlusconi to help patch up his relationship with US President Barack Obama, who was refusing to talk to Netanyahu;
- * [Obama intercepted top EU and Japanese trade ministers](#) discussing their secret strategy and red lines to stop the US "extort[ing]" them at the WTO Doha rounds (the talks subsequently collapsed);
- * Obama explicitly targeted five other top EU economic officials for long term interception, [including their French, Austrian and Belgium phone numbers](#);
- * Obama explicitly targetted [the phones of Italy's ambassador to NATO and other top Italian officials](#) for long term interception; and
- * [Obama intercepted details](#) of a critical private meeting between then French president Nicolas Sarkozy, Merkel and Berlusconi, where the latter was told the Italian banking system was ready to "pop like a cork". In addition to the above list we also noted that Obama wire tapped various individuals in the US media that were reporting information not flattering to the Obama Administration. It is widely known that [Obama's Justice Department](#) targeted journalists with wiretaps in 2013:* In 2013 the liberal Washington Post expressed outrage after the [revelation](#) that the Justice Department had investigated the news gathering activities of a Fox News reporter as a potential crime

in a probe of classified leaks. The reporter, [Fox News' James Rosen](#) and his family, were part of an investigation into government officials anonymously leaking information to journalists. [Rosen was not charged](#) but his movements and actions were tracked.

* Also in 2013, members of the Associated Press were a target of surveillance. The ultra liberal *New Yorker* even noted that "In moderate and liberal circles, at least, the [phone-records scandal](#), partly because it involves the dear old A.P. and partly because it raises anew the specter of Big Brother, may well present the most serious threat to Obama's reputation."

* [Reporter Sharyl Attkisson](#) said in 2014 that [her](#) personal computer and CBS laptop were hacked after she began filing stories about Benghazi that were unflattering to the [Obama administration](#). A source who checked her laptop said the hacker used spyware "proprietary to a government agency," according to an article in the [New York Post](#).

Finally, we reported that WikiLeaks tweeted that the Obama Administration spied on their journalists as well:

Did Obama spy on [@realDonaldTrump](#)'s campaign? Here is proof the Obama administration spied on our journalists

Now we know that Obama spied on the Trump campaign, Presidency and his team as well.

Shortly after President-elect Trump won the election and before President Trump's tweets in March 2017 noted above, it was [reported](#) that –

On Thursday November 17th, 2016, NSA Director Mike Rogers traveled to New York and met with President-Elect Donald Trump.

It is suspected that Rogers went to Trump Tower unannounced to share with him that he was being spied on. President-elect [Trump moved his transition team](#) from Trump Tower to one of his golf courses the very next day after Admiral Rogers' visit –

President-elect Donald Trump is moving the transition meetings Friday from Trump Tower in New York to Trump National Golf Club in Bedminster, New Jersey, said transition team officials.

By March 22, 2017, it was [confirmed by Congressman Devin Nunes](#) that Trump associates were spied on by American intelligence (the Obama Administration) –

Rep. Devin Nunes, R-Calif., whose congressional committee is investigating whether Russia interfered with the U.S. 2016 election, said he had been given access to intelligence reports that confirm Trump's associates were spied on by American intelligence – operating under the auspices of President Obama.

We know that Trump volunteer [George Papadopoulos was spied on](#) my multiple characters from US and foreign entities (none Russian) in Europe in early 2016, long before the FBI said they started their Trump-Russia sham investigation in July 2016.

Papadopoulos was set up in his interactions with the Deep State spies in Europe and by Italian, Australian and UK related spies and spy entities all working with the Obama Administration.

We also know that General Mike Flynn, Carter Page, Sam Clovis and other Trump team members were [spied on by Stefan Halper](#), one of the same spies who interacted with Papadopoulos. The Trump team was spied on by others as well.

We know that Deputy Attorney General Rod [Rosenstein discussed wearing a wire](#) into the White House. *(We really don't know if he did wear the wire or not.)*

We also know that former and now fired FBI Director James Comey met with President-elect and then President Trump and took notes for the sole purpose of spying on Trump. He then leaked his reports to the MSM. President Trump responded with the following –

James Comey better hope that there are no "tapes" of our conversations before he starts leaking to the press!

— Donald J. Trump (@realDonaldTrump) [May 12, 2017](#)

The MSM again went into overdrive speculating that President Trump had tapes like Nixon did during Watergate. As it turned out the [President had no tapes](#). *(What the MSM never asked is whether Comey wire tapped the meetings with Trump and if so, whether Trump knew it when he fired off the above tweet! Time will tell.)*

Now [this past week we find out](#) that Obama and his Deep State cronies appear to have spied on the President in the White

House. The wife of former Chief of Staff to Mike Pence Joshua Pitcock was working for dirty cop Peter Strzok and investigating into Hillary Clinton's crimes. This comes after it was reported that lovebirds Peter Strzok and Lisa Page [were "cultivating sources"](#) to spy and inform them on President Trump.

BREAKING: White House aides are concerned fmr Pence Chief of Staff Joshua Pitcock may have left behind FBI listening devices after learning his wife worked for Peter Strzok

— Jack Posobiec  (@JackPosobiec) [April 26, 2019](#)

The Obama Deep State gang of dirty cops and crooked diplomats spied on everybody. The question is – who didn't they spy on?
