

The Incremental Apocalypse: How Silicon Valley Destroyed The World One Byte At A Time

By Dansin Lindst

If you infect a rat with a single cancer cell, the rat will turn into a biologically corrupted mass of living hell, bit by bit, over time. It will die a horrible death only at the end of the ravaging of the inside of it's body and the signs of the cancer will not become externally visible until just before death.

That is what Silicon Valley has done to the world!

In 2006 a CPA that worked with Kleiner Perkins Caufield & Byers (KPCB), an American venture capital firm headquartered on Sand Hill Road in Menlo Park in Silicon Valley. He was the first cancer cell.

He suggested the first big political crime to the Board of Kleiner Perkins Caufield & Byers. The Board said: "Let's do it".

From there, every crime, every bribe, every Dark Money fake charity and trust fund, every prostitute was only a "little sin" to each of the partners and insiders.

Within a few months the "little sins" became felony crimes and there was no-going-back.

Then the murders started happening.

In-Q-Tel, New America Foundation, Fusion GPS, Black Cube and other Mossad and CIA wannabe "consultancies" found a warm embrace in Silicon Valley. These are companies who feel that the ends-justifies-the-means if it pushes your ideology forward...
