READ THIS REPORT ON HOW POLITICAL CORRUPTION OPERATES AND HOW IT AFFECTS YOU (LINK): [HOW POLITICAL CORRUPTION ACTUALLY WORKS REV 8.6](#)

Catching Bad Guys – How Congressional Investigators Do It

Here are FBI confirmed tactics to use to help end corruption.

If a corrupt corporation (ie: AT&T-Mobile) or oligarch (ie: Elon Schmidt) does a corrupt thing, as an ongoing occurrence, police forensics and historical sociology proves that they will almost always be engaged in other corrupt and illicit schemes.

In hundreds of thousands of cases, over hundreds of years, it has always worked out that way.

If one of these bad actors attacks or harms you, the law says that they must pay the citizen that they attack and offset the damages they cause. The problem is: these two particular kinds of bad guys have hired tens of millions of dollars of attack lawyers, dirty CPA's, lobbyists, Fusion GPS and Black Cube media assassins, corrupt Senators and other operatives in order to delay justice.

Sound daunting?

If you are just a citizen it may seem like you can never get justice. That is not exactly true. You have a weapon that is ten thousand times more powerful than all of the attack lawyers, dirty CPA's, lobbyists, Fusion GPS and Black Cube media assassins, corrupt Senators on Earth: THE TRUTH!

There are now eight billion people on Earth. 90% of them hate corrupt corporations and sicko oligarchs. They will help you crush the scumbags.

Seven billion of those people are connected on the internet. You only need 50 of them to wipe out ANY dirty entity no matter how large. In a recent Russian revolution a guy named Henry Dakin, got 30 people together in his office on Sacramento Street in San Francisco. As the revolution began in Moscow, Pravda shut down all coverage of it; but Henry got a bunch of people to come over and send faxes, emails, picture-phone messages, voice-mails, and PDF files over his 'Space-Bridge' low tech satellite system to every country around the border of Russia. Groups who got those communications were asked to take them over the border back into Russia and spread the word. That Russian revolution happened. Did Henry Dakin and his 30 folks cause it? Quite a bit...Yes!

Who else got wiped out by public effort, for being dirty little pigs, almost overnight?: BILL COSBY; FOREX; SOLYNDRA; ABOUND SOLAR; A123; ENERDEL; AMY PASCAL; E.F.HUTTON; RADIO SHACK; ENRON; MCI WORLD.COM; EASTERN AIRLINES; STANDARD OIL; ARTHUR ANDERSON; DELOREAN; PETS.COM; BEAR STEARNS; BEATRICE FOODS; HEALTHSOUTH;

ALLEN STANFORD; TYCO; LANCE ARMSTRONG; PARMALAT; BANINTER; HSBC; GLOBAL CROSSING LTD.; HIH INSURANCE; IMCLONE; DEUTSCHE BANK SPY CASE; URBAN BANK; JEROME KERVIEL; BARCLAYS BANK; BRE-X; FISHER; BARINGS BANK; PATRICIA DUNN; SIEMENS AG; PETROBAS; FERNANDO MARCOS; KELLOGG BROWN AND ROOT; BAE SYSTEMS; KERRY KHAN; ALCATEL-LUCENT SA; PRESIDENT RICHARD NIXON and thousands more...

You can always catch a dirty piggy doing: Money Laundering; Sex Trafficking; Family Alcoholism; Political Bribery; Stock Market Manipulations; Hookers; Media Censorship; Misogyny; Dynastic Family Manipulations of Public Policy; Election Rigging; Search Engine Bias; Monopolies; Recession Causing Market Trusts; Racism; Brotopian Frat Boyism; Secret Offshore Shell Corporations; Venture Capital Black-Lists; Patent Thefts; Payola; Graft; Corrupt Lobbyists; Using Your Democracy As Their Play-Thing; Hacking; User Privacy Abuse; Insider Trading Bribes; Causing Teen Suicides; Public Shootings Incitement By Linking Facebook, Instagram, Google Shooter PR; Tracking Of Women Seeking Abortions; Patent and Trade Secret Infringement; Tracking Of Assurance Phone-Using Poor People; Harassment Of Consumers Filing Complaints Against T-Mobile; Black-Listing Of Customers And Service Cut-Offs; RICO Law Violations; Stock Market Payola To Public Officials; Profits-Over-Privacy-Safety; Anti-Trust Law Violations; Using, Or Supporting Fusion GPS - Black Cube -Types Of Reprisal Attacks and a hundred other things.

For example, their sex trafficking crimes are easy. SeekingArrangements.com, Adultfriendfinder, Backpage and the top 20 other sex sites have all been hacked and all of their user data is now listed in every major private eye database for sale. Every cop can punch that data up in seconds. By cross checking all of the executive data from say 'AT&T-Mobile' you can find all of the 'AT&T-Mobile' executives that are sex trafficking. You can also look at all the Uber and Lyft records for sex workers who paid Uber and Lyft on the Uber and Lyft services to go to their homes, offices or hotels. Hunter Biden's hookers got disclosed like this. It is 100% legal for any citizen investigator to track this info down. Every credit card, bitcoin, Venmo and electronic payment system of every sex worker is tracked by the NSA and dozens of other agencies. Dirty sex deeds are easy peasy to catch. If they are doing sex trafficking they are almost always doing other bad stuff.

You must send all of your investigation reports to the local police, FBI, DOJ, FCC, SEC, FTC, IG and other agencies. **Other 100% legal investigation tools** that any citizen can use include:

- **When CEOs Play Politics, Shareholders Can Take Them to Court. Buy Their Stock and Hold Them Accountable!** After Target established an 'inclusive' restroom policy, its share price plummeted by 40%. (We got T-Mobile's other CEO kicked out)

- **Make sure your interdiction of their illicit deeds lasts the rest of their life. Make it your hobby and engage in it every month. Put it on your calendar to have a monthly action day.**

- **Bankrupt their corrupt companies by contacting EVERY single advertising director for EVERY company that advertises with them to show them the evidence and encourage them to stop advertising with the suspect under threat of boycott.**

- **Bankrupt their corrupt companies by contacting EVERY single employee that works for them to show them the evidence and encourage them to quit.**

- **Bankrupt their corrupt companies by contacting EVERY single investor that funds them to show them the evidence and encourage them to divest.**

- **Contact billionaire's (ie: Peter Thiel, Larry Ellison, etc.) to get them to sponsor a RICO, or other kind of lawsuit, against these corrupt parties. Use proxies to sue the corrupt (ie: Get Thiel to pay for some other guy to sue Gawker for you)**

- **Bankrupt their corrupt companies by contacting EVERY user of their company, via mass media and personal out-reach, to show them the evidence and encourage them to cancel their subscriptions and 'poison' their data by filling their profiles with fantasy data.**

- **Bankrupt their corrupt companies by contacting EVERY single member of Congress and regulatory agencies to show them the evidence and demand, in writing, a federal investigation.**

- **Bankrupt their corrupt companies by exposing corrupt sources of supply to the news and the public; ie: Elon Musk uses "blood cobalt" mines in the Congo which rely on child labor and mercenaries to operate the cobalt mineral mines.**

- **Expose the covert sex cults (ie: Pizza Gate, NXIUM, Burning Man, Mission Control, Power Exchange, etc.) that they frequent.**

- Look on LinkedIn and other databases to contact their former interns to see if they sexually or mentally abused that intern and help that intern find lawyers (ie: Lawless Firm, AllRed, etc.).

- All of the data of famous corrupt persons and corporations has been hacked and acquired by many, many parties over the last decade. Watch for it to get leaked on the web or go search the ICIJ, Wikileaks and related databases for keywords about your targets. Expose what you find to the public. Cross reference what you find with the Palantir, Taleo, Bitcoin Trace, PayPal Trace, VISA Trace, D&B Insider, Gust-Scan, etc. commercially available databases and you will have an even more powerful search than the NSA's XKEYSCORE tool.

- Expose the trust funds, shell corporations and real estate contracts that they and their family own and make sure the IRS and SEC knows about those slush fund pots. Find all of their insider trading payola scams and expose them.

- Expose every reporter and 'stock analyst' that is actually a shill for the corrupt. Call them out by name in press releases and your own news articles. Demand to see their financial records if they claim to have never been paid by the corrupt entity in question.

- Expose the racist, tribal, misogynist organizations that the majority of their executive hires are part of.

- Investigate them and share your investigation data, from public data resources, on databases. All of their addresses, account numbers, tax records, bank accounts, dating site records, phone numbers, fax numbers, IMEI device records, IP addresses, device serial numbers, etc. are on public record.

- As Comey, et al; proved, there are crooks at the FBI...but there will always be, at least, one Elliot Ness kind of good guy at the FBI. DO report your findings to the FBI, in writing, but report to EVERY main, and regional FBI office, in writing, with a carbon copy to the media. It only takes one good FBI agent to get an official FBI case going. The same goes for the SEC, The EU and the CFTC.

- These incredibly abusive people have an inordinate number of divorce lawsuits for abusive behavior. Showcase the most revealing text from those abusive divorce court filings.

- Write 'Request For Prosecution' requests to every major law enforcement agency and send copies of those requests to every other law enforcement agency and independent news reporters.

- If they run for office, confront them (legally) at public speaking events and hand out one page fliers about their crimes to the public at these events. Name their crony financial backers out loud at these events.

- File charges with the FEC for campaign finance violations. Ie: In one year Google reported a million in campaign contribution cash to one party but they actually provided many billions of campaign contributions via search engine rigging and perception manipulation services. Report that to the FEC and demand to know what the FEC is doing about it. Ask the FEC, in writing, every month until you get an answer in writing.

- Don't just 'follow the money'. Make fun charts and diagrams of the illicit funds routes and mass distribute those graphics.

- Uncover every: illicit sex partner and who they cheated on; drug deals; hooker; rent boy; Uber and Lyft trip route; neighbors who complained about them; GPS records, social media posting that hinted at a political agenda, etc. All of this information can be legally acquired. They put most of it out on the web themselves and agreed to let Facebook, Uber and Google sell the data.

- Search every face recognition database with automated search tools. They agreed to allow their image on databases for security cameras, Walmart cameras, restaurant cameras, Google and Bing image databases, social networks, dating sites, traffic cameras, hotel and motel cameras and everything that has ever recorded their face; which is public domain. Check out what they were doing at each place they were recorded.

- Report every illicit deed done by the corrupt to large Congressional, news writer, social network and voter mass distribution systems.

- Learn 'Veil Protection Strategies' and How to Bust Them'.

- Break their cover-ups. Carbon copy every Inspector General (IG), reporter and social media resource you can find. Never allow only a few people to be the only ones that know what you uncovered. Tell everyone and never stop finding new people to tell. Use the "Streisand Effect".

- If they ever, for the rest of their life: cheat on taxes, take money off-the-books, lie on an application, get arrested, get sued, buy drugs, buy sex, cheat, hide money, use off-shore conduits, set-up an illicit trust fund or shell corporation, get an STD, lie on a dating site, abuse or extort an employee, abuse a co-worker, plagiarize, break the law, run a real estate scam, hide insider stock trading, provide political campaign services without filing detailed and accurate FEC disclosures, support a political campaign, spend or receive any money that they do not report, etc.; THEN YOU EXPOSE THEM AND THE ILLICIT ACTIONS THEY TOOK.

- Educate yourself by typing this phrase into the top 5 non-Google search engines: "How To Be A Private Investigator" and read all of the results. Try more searches, like: "Investigation methods" or "Background check methods" or "Investigate a politician", etc. There are thousands of other legal techniques in addition to those few listed here. They all work if you are persistent.

- Learn how to put a covert media alarm in 'Corporate Poison Pills' and find 'Criminal Back-Dating'.

- Make certain that you find every other voter and community group who might help you. Support their efforts and share what you have uncovered with them. Use the web to guarantee that there is no place on Earth they can hide from justice. Work to mesh investigators, Congress, journalists, law enforcement, intelligence community, voters and your friends and family to never let them out of your sights!

These 100% legal tools only work on crooks!

Critical Venture Capital Alert: Web-Based Services Blow-Back

New metrics indicate that web-based service investments should be eliminated from your portfolios as fast as possible.

Law enforcement, regulatory, the media and, most of all: The public; have reached a critical awareness nexus that has passed the point-of-obsfucation (POO Factor)

Of the 8 billion people now living on Earth, over 4.5 billion of those persons are now aware of the following:

- Every online service has been hacked repeatedly.
- Every government server has been hacked repeatedly.
- There is no known technology that can stop the hacking.
- Hardware level back-doors in every network device cannot be closed.
- Entry level hackers now have the same tools that the FBI, CIA, NSA, FSB and China have.
- Netflix, Google, Facebook, Match.com, Ok Cupid, Twitter, Instagram and all of the major web brands are known to put users privacy, medical data, banking data, political data and all other data at SEVERE RISK and they are unable to prevent incursions.
- Various existing lawsuits and federal cases are going to dissolve the entire Section 230 shield within 8 months.
- Hundreds of law-firms are offering consumers open participation in class action lawsuits against your portfolio companies.
- Netflix, Google, Facebook, Match.com, Ok Cupid, Twitter, Instagram and most all web company IT staff have admitted they are too large to fight any of the privacy, security and rights issues any longer.
- All of the non-industry-controlled media have turned against Silicon Valley.
- Advertising sponsors have figured out that most eye-ball counts are lies.
- The Netflix deal with Microsoft to have users pay for streaming with ads has met with the most extreme derision ever seen in blogs, ie: "Netflix wants to charge us money to watch their abortion ads, BLM promos and cut-off-your-dick trans hype!!!?"
- Silicon Valley web companies are now some of the most hated brands on Earth!
- Over a thousand start-ups have offered services to "fix web security" and every one of them has been circumvented by hackers.

Web based services are more than dead! Get out now!
