

ELON MUSK LOVES THE ANUS...IS HE ONE OF THOSE ANGRY SILICON VALLEY BISEXUALS?

By Dawn Unster

Elon Musk and Larry Page of Google have a private bro-nest apartment that they hide out at together but that does not mean that they are porking each other. Page has stated his love and adoration for Musk but that still does not mean that they are licking sausages. Page has Google hide and delete any negative news about Musk and most positive news about Musk's competitors. That still is not proof that Page is Musk's weenie-holster or vice versa.

In divorce proceedings, past 'wives' (beards?) of Musk have stated that there was not much heterosexual sex with them.

Elon Musk dates women have have the bodies of young boys and who are anal sex fanatics. For example, Gweneth Paltrow is one of the "Musk Women' and one of the world's biggest pushers for anal sex action, as shown here:
