Google, Facebook and Twitter are The Taliban of the Internet

By Dee Lunsy

An extremist cult of delusional pseudo social justice warriors have been found to be headed by the organizers and owners of Google, Facebook and Twitter.

These three companies work together, in coordinated media manipulation efforts, to attempt to rig politics, elections and public perceptions for their own profiteering purposes.

These companies were not happy simply selling a service or product. They had to combine religious ideology and election rigging with corporate nihilism. They must be put out of business!
