

THE DNC'S CRONY PAYOLA SCHEME'S TO PAYOLA PELOSI AND FEINSTEIN FAMILY DISSECTED

Democrats fake up a "crisis" based on whose relatives and friends own the companies that can fix the fake "crisis".

They then get the DNC Senators to approve some huge amount of our tax dollars to fix their manufactured "crisis" and to put the money in a "Special Account" which is actually a SLUSH-FUND.

They then write the rules for that Special Account/Slush-Fund so that only their relatives and friends can legally comply with those rules to get the grants, rigged crony contracts and "loans" from that Special Account/Slush-Fund .

This is crony payola. It is corruption. It is criminal insider trading.

That is how the Obama Department of Energy "Green Cash" ATVM AND LGP scam worked. That is how this "Infrastructure Scam" works:
