

SEEKING CONTINGENCY LAW FIRM TO SUE UNIVISION,  
GIZMODO MEDIA AND JALOPNIK BASED ON NEW EVIDENCE AND  
WITNESS TESTIMONY

The Obama Administration, and it's Silicon Valley financiers, hired the Gawker/Gizmodo/Univision tabloid group to try to kill us in the media because we were FBI and GAO witnesses in a federal investigation.

You saw what happened to Gawker and now Gawker has had to pay all of victims of it's malicious attacks millions of dollars. Our evidence is better than all of the other victims COMBINED!

We intend to collect our damages and the proven metrics add up to a large number.

You can read all of the Gawker lawsuit data on Pacer.gov and at Prime Clerk and see what a planned attack operation these people are.

Are you the law firm with the "right stuff"? Give us a call at: (888) 718-7076 and leave a message and also email [project7@ventures1.org](mailto:project7@ventures1.org)

Be prepared to provide, and cooperate with, a conflicts check and vetting that our buddies at FBI, GAO and Congress will assist with.
